# DOWNTOWN DEVELOPMENT

## *2018-2019 Projects*

Downtown Development plays a large role in attracting visitors, businesses, and residents to the community! The DDA plays a key role in spurring development in the Village of Middleville through our Façade Incentive Program, which offers grants to qualifying businesses in the DDA district. These grants can be used to update an existing building, offset costs of a new build, to bring signage into compliance with Village code, to install signage at a new business, and to help maintain facades after they have been updated.

For more information, visit [www.mymiddlevilledda.com/grants](http://www.mymiddlevilledda.com/grants).

# COMMUNITY PROJECT SHOWCASE

## My Middleville DDA & Tk Schools

My Middleville DDA is excited to partner with the TK Schools HS Art Class & Art Club on an interactive art project for downtown: the giant Adirondack Chair owned by the DDA. The DDA has owned the chair since 2016. Since then, the chair has been downtown near the Paul Henry Trail where it is used during Riverbank concerts and other various community events. After much use, the chair was in desperate need of maintenance. The TK Art Students tackled this project head on, and created an amazing work of art for our entire community! Special thanks to TK Schools & Maintenance, Middleville DPW, Tonya Woods & Barb Maring, Mr. Melvin & Mr. White, and the TK Art Students for your contributions to this project. The chair will be on display downtown from May-November.

## **Did You Lose Business Because Of The Virus? Need a Cash Infusion Fast?**

Look I get it. It's not your fault. No one thought their business would dramatically slow down or come to a grinding halt when the virus hit.

Our area of expertise is helping small businesses acquire new customers/clients/patients at a profit without spending money on advertising.

If we could get you 40 to 500 appointments beginning next week using a new strategy we use, would that be of interest?

You can get results like this without any additional advertising costs or extra effort from you/staff.

In fact, our clients usually save dozens of hours a week in manual follow-up efforts once they get started...and begin increasing their profits in just 7 days or less.

Do you have any interest in getting results like this?

Text "Appointment" to 616-207-1468.
